Phone Number:

Description of Complaint:

Hi,

I live in the Steeplechase neighborhood and I'm emailing to report odor from Arbor Hills Landfill. The first I smelled it was 4 pm today and continued to smell it when I arrived back home at 8:30 pm. The smell is strong sulfur, which was stronger at 8:30 pm than at 4 pm.
The frequency of smells (days I have reported) seem to be increasing as time goes on. This is my first email, but I have called the last several times I have smelled it.

I will leave contact info below.

Thank you,
Non-Responsive

Description of Complaint:

Hello all,

We live in the Steeplechase subdivision in Northville, MI. Since 6:15pm, I have smelled the dump throughout the subdivision. At 8:41pm, I could smell it at ridge and 6 mile all the way into Steeplechase. It started out early evening as a sweet rotting smell, about a 7 out of 10 in odor intensity. As the evening progressed, it turned into a gas smell and it's nauseating. 8 out of 10 in intensity.

Please file this under your official complaints and stop Arbor hills from expanding. They are mismanaging the current dump and our health has been comprised since last year when there were major problems w gas collection. It has not resolved. At. All.

Description of Complaint:

Dear Mr. Miller -

Tonight since 5pm I have smelled a stench coming from the Arbor Hills Dump. Its a smelly rotten egg smell. It has been really bad over the last few weeks. I live in Steeplechase of Northville on Starlite run. It seems whenever the wind is blowing from southwest to northeast I can smell it.

Description of Complaint:

Good evening,
I would like to report odor coming from the Arbor Hills Landfill. I just went out to my car at 8:30 pm and the odor was so bad I had to come back in for a scarf around my face. It's a gaseous odor not a garbage can type of odor. Please advise why this smell is happening so strongly. I have cancer and am currently undergoing chemotherapy. I have headaches from the chemo and if I stand outside and smell the odor it makes the headaches worse, therefore the landfill is causing me to cover my face anytime I am outside when the odor is present, which is often. I used to report odors often (over 20 complaints at least) but felt as if I was not getting anywhere. Since my cancer diagnosis this fall (no family history, is it possible that there's something from the landfill?) I have not had the energy to report the odor but have smelled it time and time again. Please advise the cause for such an interruptive and unpleasant odor this evening.

Thank you,
Non-Responsive

Description of Complaint:

Mr. Miller/Elected Officials,

Tonight at around 6:30 pm, we smelled a terrible stench coming from Arbor Hills Dump at Non-Responsive, at Steeplechase of Northville.

It smelt like rotten eggs and has been very caustic, and has been getting bad to worse.

We would appreciate it if we look into it and provide us some solution via the EPA and other local enforcement agencies.

Concerned resident.

Thanks for your support.

Smell from the dump was really bad in front of Northville high school this morning. I was walking and had to put my hat over my nose and mouth.

This is almost 4 miles from the dump. The smells have become more frequent.

Description of Complaint:

Good Afternoon

This morning prior to our kids basketball game at northville high school there was a strong odor that smells just like the dump at 5/Napier. It is concerning that the odors (which are in fact chemical trails) are now polluting the entire township. What are we breathing? What health risks are we increasingly being exposed to?

This is totally unacceptable.

Best regards,

Non-Responsive

Description of Complaint:

As I took my 10 year old to his basketball game I was treated by horrible odor from land fill in woods of edenderry subdivision and northville high school. This is a huge concern for our quality of life and our health.

We will be organizing our neighbors who are now affected by the landfill directly for the first time since I moved here 7 years ago. If we are affected over 2 1/2 miles away then I just can't imagine what my closer township residents are dealing with including the hundreds of children at ridgewood elementary.

Something has changed. Maybe it is the vertical expansion that has made the landfill peak way above the tree lines. Maybe it is miss management or poor odor control. Regardless we will be activity involved moving forward.

Sincerely concerned,

Non-Responsive

Description of Complaint:

Good evening,
As the odors continue, the Northville residents insist on actions to be taken against Arbor Hills. We have lived in misery for the past 11 months where the horrid smells are consistent. This is not a quality of life. This pollution is effecting our lives in many ways, like enjoying the outdoors, having good health,our home values and nothing is being done.
Arbor Hills has had many reasons to accrue more than 4 violations.
We feel they are not being monitored properly.
You're help is greatly appreciated.)

Description of Complaint:

Arbor Hills Landfill in Salem Twp. has a strong gas smell this morning. My garage is filled with it, to the point I have to hold my breath. I heard from another resident who smelled the dump at Northville High School while dropping off her child for school.

Description of Complaint:

Good morning,
I am a resident at **Non-Responsive**
Upon leaving my home this morning around 715am, there was a strong garbage odor in the air. My home is located near **Non-Responsive** i would like to report the odor and file a complaint regarding this issue. This is more than a re-occurring issue.
The smell is a very strong garbage odor.

Phone Number:

Description of Complaint:

I drove through the affected area between 9AM and 10AM today (2/6/17).
I smelled the gas odor on the west side of Northville High School (Six Mile Road, East of Beck), in the parking lot at Ridgewood Elementary School, and in front of my home at [REDACTED] This is the first time in four or five months I have smelled it at my home.
On the northern perimeter of the dump, on Six Mile Road, the garbage odor was very strong.
Fred Shadko, P.E.
Northville Township Trustee

Description of Complaint:

Good afternoon,

I often smell odor from the landfill, but I've never complained. This morning the smell from the landfill was quite pungent. I'm concerned that this odor could be causing harmful, long-term effects to the surrounding citizens.

Hopefully this odor continues to be addressed and citizens' health is top priority.

Thanks,

Non-Responsive

Description of Complaint:

Hi -

I recently moved to SteepleChase subdivision in Northville, MI [On 6 Mile road after Ridge] . Today morning, I was getting very bad odor in my garage/driveway/home from Arbor Hills Landfill.

I have 2 kids, and I feel that these odor/gas is not healthy for us. I called emergency Wayne state EPA number and they took my complaint, but haven't heard anything after that.

Please do something so that we can live in this house healthy, without any environment hazard.

Description of Complaint:

From: Non-Responsive
Subject: Report An Odor Concern

The dump stinks today at Ridge Wood Elementary school. It also smelled over the weekend but I didn't report it.
